## Imagine Pools™ Mission Statement.

---

Our purpose is to help as many families as possible enjoy “Life at its Best™” through the enjoyment of their own Imagine Pools™ composite fiberglass swimming pool and related products, working within our unique network of independent dealers providing “Five Star Service” and high quality installations.

## Imagine Pools™

A beautiful reflection of all the things you cherish most.

---

Family. Friends. Fun. Fitness. Quality. Imagine having everything you ever dreamed of, right in your backyard. That's the beauty of Imagine Pools™. And it can go from a glimmer in your mind's eye... to shimmering in the sun... in a very short time.

## The new wave of pool design.

---

Imagine Pools™ is at the forefront of composite pool technology and design. We now offer 34 models including splash decks, spas and spa combos, tanning ledges, elegant curves and unique architecture. In other words, we have everything you need to make a splash in your own backyard oasis.

## Plug & play.

---

With an Imagine Pools™ composite fiberglass swimming pool, you're free to choose from a vast array of sizes, shapes, colors and configurations that perfectly suit your tastes, and your space. Then it's simply plug-and-play. Your installer could prep one day and set your pool the next saving your family from months of backyard chaos. From design, to delivery, to installation...every aspect of your new Imagine Pools™ swimming pool is, quite literally, seamless.

## Quality at its core.

There's beauty deep below the surface, too. Imagine Pools™ swimming pools are crafted with marine-grade technology and Centurion Core™ Construction – to provide years of low maintenance, trouble-free ownership. The non-reactive composite construction reduces chemical usage, and a smooth, lustrous gelcoat finish means it is not only beautiful to admire but also enjoyable to swim in. Because the whole point of having a swimming pool in your backyard is to relax. Imagine that.

Integrity is at the core of everything we do.

---

Imagine Pools™ swimming pools are engineered with our exclusive Centurion Core™ technology, featuring high-performance vinyl ester resin woven into each and every structural layer. The result is a composite pool with extraordinary structural integrity, durability and corrosion resistance. With thoughtful engineering, we've built a perimeter safety ledge into every pool design that's ideal for kids and also serves to add strength to the pool structure. All Imagine Pools™ products are built under strict quality controls and supervision with processes that we have perfected over thousands of pools manufactured.

## Guaranteed for life.

---

When you invest in an Imagine Pools™ composite fiberglass swimming pool, you're not just buying a healthy new lifestyle, you're buying into the most advanced composite construction technology on the market. In fact, Imagine Pools™ swimming pools are so well made, we stand behind them with a Lifetime Structural Warranty and a Lifetime Structural Osmosis Warranty. Plus, we offer a ten-year Gelcoat Warranty. Here's the best part: health experts consider swimming to be one of the best total body exercises you can do - and it's one of the best in bringing friends and families together for your social health. Which may just mean that the more time you spend in your Imagine Pools™ composite fiberglass swimming pool, the more you'll get out of it. That's a pretty nice return on your investment.
